SUMMARY

UI/UX Designer with 1+ year of experience specializing in high-conversion Fintech and Retail Banking interfaces. Proven track record in optimizing financial dashboards and mobile workflows to improve user retention and task efficiency. Expert in Figma, responsive design systems, and bridging the gap between complex user needs and clean, accessible visual solutions. Delivered measurable outcomes including 20% faster task completion and 15% increase in user engagement across major fintech products.

EXPERIENCE

UI/UX Designer

Apr 2025 – Present

Dzinemakers UI/UX Studio

Chennai, India

- Optimized Fintech dashboards for scalability, resulting in a **20% improvement** in user task completion speed through streamlined data visualization
- Developed high-fidelity prototypes in Figma that **reduced developer handoff friction by 30%** via comprehensive design tokens and documentation
- Spearheaded user research sessions for 3+ major projects, identifying friction points that led to a **15% increase in user engagement metrics**
- Collaborated cross-functionally with engineering teams to ensure **100% design-to-code accuracy** across mobile and web platforms

UI/UX Design Intern

Jun 2024 – Aug 2024

MakeMyReach

Remote, India

- Redesigned core mobile navigation, **reducing user drop-off rates by 12%** during the onboarding process
- Created 50+ wireframes and interactive flows that improved clarity of complex financial transactions for non-technical users
- Built a reusable UI component library, **cutting future design iteration time by 25%**

EDUCATION

Bachelor of Science – Information Technology

2021 – 2024

C.P.A College, Madurai Kamaraj University

Tamil Nadu, India

PROJECTS

Arihant Fintech App

Figma · User Research · Prototyping · Accessibility

Engineered an end-to-end investment journey focusing on accessibility. Designed a UI that simplified portfolio management workflows, **increasing perceived ease-of-use in testing by 40%**.

NexaHR Dashboard

Figma · Design Systems · SaaS · Information Architecture

Built a responsive SaaS dashboard for 1,000+ users. Focused on information architecture to **reduce navigation clicks by 3 steps** for primary HR tasks, significantly cutting task completion time.
