PROFESSIONAL SUMMARY

UI/UX Designer with 1 year of experience specializing in retail banking and fintech products. Skilled in designing user-centered digital experiences, financial dashboards, and mobile applications. Strong expertise in wireframing, prototyping, and high-fidelity UI design using Figma, with a focus on usability, accessibility, and clean data visualization.

WORK EXPERIENCE

UI/UX Designer (Intern → Ongoing)

Oct 2025 – Present

Dzinemakers UI/UX Studio — Remote

- Designed fintech dashboards and mobile UI with focus on clean UX and data visualization
- Created high-fidelity designs and interactive prototypes using Figma
- Improved user flow and task completion rates across multiple projects
- Worked closely with developers for responsive and scalable design systems
- Conducted user research and usability testing to refine product experience

UI/UX Design Intern

Aug 2025 – Sep 2025

MakeMyReach

- Designed user-friendly web and mobile interfaces improving usability and navigation
- Created wireframes and interactive prototypes to enhance user journeys
- Collaborated with cross-functional teams to deliver consistent UI solutions
- Improved user flow efficiency through structured layouts and UX enhancements

PROJECT EXPERIENCE

Arihant Fintech Mobile App (UI/UX Case Study)

- Designed end-to-end user journey from onboarding to financial dashboard
- Focused on intuitive transaction flows and clean data visualization
- Developed high-fidelity mobile UI aligned with fintech UX standards

NexaHR Dashboard (HR Management System)

- Designed responsive dashboard for employee and workflow management
- Built structured layouts and scalable UI components
- Ensured cross-platform consistency and usability

Healthcare Mobile App UI/UX Design

- Designed user-friendly healthcare interface improving accessibility
- Structured information hierarchy for better engagement and clarity
